

Benton Estes

JUNIOR SOFTWARE DEVELOPER

270.320.2923 - 3249 Kino Rd, Glasgow, KY

18bestes@gmail.com

PROFESSIONAL SUMMARY

As a student who thrived on pushing themselves in school, I have strong roots in entrepreneurship and technical skills like VEX robotics and programming. I used the skills in some of my job tasks as a low-voltage technician, basic programming and installing panels for a multitude of systems. I would like to pursue further knowledge in Software Development and procedures. I also wish to gain and maintain an enhanced skill set that will support me in becoming a better employee and team member of your growing company.

EXPERIENCE

BARREN COUNTY SKILLS DEVELOPMENT ACADEMY, GLASGOW, KY – 2020

Justin Browning - Program Director - 270.590.0053

600+ hours of rigorous training in HTML, SCSS, Javascript, and React

LOW-VOLTAGE TECHNICIAN, M&L TECHNICAL SYSTEMS, KY – 2019-2020

Randy Witty - Head of Operations - 270.799.0071

My job tasks included installing, maintaining, and servicing fire alarm, security, door-access, and sound systems for factories. During my time at M&L I obtained lift operator, first-aid/CPR, OSHA 10, and multiple installation certificates.

BARISTA AND KEY-HOLDER, THE KING'S CAFE, KY – 2019-2019

Magan Peden - Owner - 270.576.0228

RETAIL SALES ASSOCIATE, YOGI BEAR'S JELLYSTONE PARK, KY – 2018

Betty Smith - Manager - 270.590.4426

CREW MEMBER, MCDONALD'S, KY – 2017-2018

Susan Johnson - General Manager - 270.834.9860

EDUCATION

Western Kentucky University, Bowling Green, KY - General Studies in Electrical Engineering - 2018-2019

Governor's School for Entrepreneur's, KY - Extensive business development training, Awarded 2nd place SPARK pitch competition - 2016

PLTW Engineering Program through Barren County Early College Magnet Program - Included 3D modeling, G&M coding, VEX Robotics - 2014-2018

SKILLS

- Entry level HTML, SCSS, JavaScript, and React knowledge
- Fundamentals of business work flow and development of start-ups

- Intermediate level knowledge of low-voltage electrical systems from work experience and college level classes in Electrical Engineering
- I excel in professional communication, providing quality customer service, actively listening to customers, coworkers, and bosses
